Presenter Agreement

All presenters must agree to the following conditions when submitting an abstract:

1. Abstracts will be made available in the Conference program to Conference participants only.

3. As a commitment to attend and support the Conference, the presenters of the accepted abstracts are expected to register and pay either for the full Conference Program or the day of their presentation, before **Monday 28 March 2022** (a reminder will be sent to authors). Failure to register by this date may result in submitted abstracts being removed from the program.
4. The preparation and supply of any handouts or other materials used in any presentation will be the responsibility of the presenter(s).
5. All costs to attend the Conference including registration, travel and accommodation are to be met by the presenters.

The Conference Organising and Scientific Program Committees recognise the time and effort it takes for authors to prepare abstracts, however, we encourage your early submission of your intention to present at IACIS 2022. This will provide the Scientific Program Committee with the ability to determine a preliminary program and promote it to our intended delegates. The Conference Organising and Scientific Program Committees are looking forward to presenting a technically strong program for the IACIS 2022 and welcomes you, the contributor, to assist in achieving this aim.
